[LINES FOR WRITING]

MARTYR MOSTAFA CHAMRAN

“ In this world, there exist people who physically seem as though they are alive, they breathe, they walk, they talk, and they live, but in reality, they are captives of this world, they are slaves of their lives and trite events. In order not to die, they make themselves so small that it seems as though they are dead. But free individuals, even if they live shorter lives, they truly live, and breathe with their own free will. They are not slaves of other things, while others submit to them. ”

SEE YOU NEXT YEAR AT THE 51ST ANNUAL CONFERENCE!
